

## MICS 2024 ADVANCED PROGRAMME

June 20, 2024

9.00 Welcome Address  
Ettore Sansavini  
President GVM Care&Research

### SESSION 1: AORTIC VALVE

*Chairs: Gaetano Contegiacomo, Gebrine El Khoury, Davide Pacini*

9.30 Adoption of TAVI and SAVR in Europe and North America in the last 10 years  
*Francesco Saia*

9.40 When old is too old: assessing frailty for patients candidate to TAVI  
*Cataldo Labriola*

9.50 Failure of surgical and transcatheter aortic bioprosthesis  
*Gino Gerosa*

10.00 Prosthesis choice in patient undergoing surgical replacement: predicting valve-in-valve procedure  
*Mauro Rinaldi*

10.10 Right mini-thoracotomy for surgical aortic valve replacement  
*Domenico Paparella*

10.20 Discussion

10.50 Same days discharge following TAVI: is it always possible?  
*Corrado Tamburino*

11.00 Evolution of transcatheter aortic valve devices: future directions  
*Fausto Castriota*

11.10 Managing small aortic annulus in middle aged patients  
*Carlo Savini*

11.20 Upstream TAVI: Moderate aortic stenosis at "high risk" of cardiovascular events  
*Alfredo Marchese*

# Minimally Invasive & Catheter Solutions

The MICS Conferences  
*promoted by*  
Mitral Academy

JUNE 20-21, 2024  
BARI (IT)

President **MICS 2024**  
Giuseppe Speziale

Scientific Board **MICS 2024**  
David Adams  
Khalil Fattouch  
Patrizio Lancellotti

[www.mics2024.it](http://www.mics2024.it)  
[www.mitralacademy.it](http://www.mitralacademy.it)

11.30 Pros-Cons

TAVI in the young low-risk patient: just a question of prosthesis durability  
*Alessandro Parolari, Giuseppe Tarantini*

11.45 Discussion

12.15 Lecture

Aortic valve replacement in the young adults  
*David Tirone*

12.35 Lunch Break

14.00 **JOINT SESSION SICCH- NEWS FROM THE NEW ESC GUIDELINES**

**SICCH- INTEGRITY: THE ROLE OF PROFESSIONAL SCIENTIFIC SOCIETIES IN LIMITING EVIDENCE**

*Chairs: Khalil Fattouch, Alessandro Parolari*

14.10 Is there some criticism with evidence in cardiovascular medicine?

*Michele Di Mauro*

14.20 The example in inferiority: the power of statistical manipulation

*Marco Moscarelli*

14.30 The risk of indication creep in RCTs

*Fabio Barili*

14.40 What is missing? If something is

*Amedeo Anselmi*

14.50 The role of professional scientific societies in the critical assessment of literature

*Alessandro Parolari*

**SESSION 2: TRICUSPID VALVE**

*Chairs: Francesco Santini, Pierluigi Stefàno, Tullio Tesorio*

15.00 Echocardiographic evaluation of functional tricuspid regurgitation

*Patrizio Lancellotti*

15.10 Surgical tricuspid valve repair: setting the standard for best practice

*Gilles Dreyfus*

# Minimally Invasive & Catheter Solutions

The MICS Conferences  
*promoted by*  
Mitral Academy

JUNE 20-21, 2024  
BARI (IT)

President **MICS 2024**  
Giuseppe Speziale  
Scientific Board **MICS 2024**  
David Adams  
Khalil Fattouch  
Patrizio Lancellotti  
[www.mics2024.it](http://www.mics2024.it)  
[www.mitralacademy.it](http://www.mitralacademy.it)

15.20 Enhancing tricuspid regurgitation resolution through alternative technologies  
*Thomas Modine*

15.30 Pros- Cons  
How should Redo Tricuspid valve regurgitation be treated?  
*Carmelo Mignosa, Alberto Cremonesi*

15.45 Discussion

## SESSION 3: ATRIAL FIBRILLATION

*Chairs: Chiara Comoglio, Pasquale Perrone Filardi, Saverio Iacopino*

16.15 Expanding the indication for surgical left atrial appendage occlusion  
*Richard Whitlock*

16.25 Thoracoscopic ablation of atrial fibrillation  
*Giuseppe Nasso*

16.35 New technologies in transcatheter Atrial Fibrillation ablation  
*Francesco Solimene*

16.45 Pros- Cons  
Ablation therapy for persistent atrial fibrillation. When and how:  
1. Electrophysiologist view ...  
2. Cardiac surgeon approach..  
*Massimo Grimaldi, Claudio Muneretto*

17.00 Discussion

17.30 Adjourn

June 21, 2024

**Session 4: MITRAL VALVE Repairing and replacing the mitral valve**

*Chairs: Ottavio Alfieri, Gilles Dreyfus, Giuseppe Speziale*

9.30 Benchmarking Mitral Valve Repair: defining standards for surgical and percutaneous treatment of Severe Mitral Regurgitation  
*David Adams*

# Minimally Invasive & Catheter Solutions

The MICS Conferences  
*promoted by*  
Mitral Academy

JUNE 20-21, 2024  
BARI (IT)

President MICS 2024  
Giuseppe Speziale

Scientific Board MICS 2024  
David Adams  
Khalil Fattouch  
Patrizio Lancellotti

[www.mics2024.it](http://www.mics2024.it)  
[www.mitralacademy.it](http://www.mitralacademy.it)

9.50 Minimally invasive mitral valve repair: the new normal  
*Giuseppe Santarpino*

10.00 Neochord: who, how, when?  
*Gino Gerosa*

10.10 Mitral valve repair for degenerative disease. VIDEO IN THE BOX

Anterior Leaflet: *Giuseppe Nasso*

Posterior Leaflet: *Mauro Del Giglio*

Barlow Disease: *Vinicio Fiorani*

FED Disease: *Davide Ricci*

Ring Choice: *Carlo Zebele*

10.25 The path towards transcatheter mitral valve treatment  
*Ottavio Alfieri*

10.35 Treating patients with severe mitral annular calcification (MAC)  
*Gebrine El Khoury*

10.45 Discussion

11.15 Favorable and unfavorable mitral anatomies for transcatheter edge-to-edge repair in degenerative disease  
*Giovanni La Canna*

11.25 Weighing risk and limitation of TEER in addressing severe mitral regurgitation  
*Thomas Modine*

11.35 Endoscopic mitral valve repair  
*Peyman Sardari Nia*

11.45 Discussion

12.15 Lecture  
Echocardiographic evaluation of candidate to transcatheter mitral valve procedure  
*Mani A. Vannan*

12.35 Adjourn
